

## **MAG NOVEMBER 2017**

(Wednesday November 15 through Friday, November 17)

**“Setting the Baseline”**

**MAG Presents**

**Pre-Conference (November 15, 2017 from 10:30 am to 3:30 pm)**

**Featured Presenters and Keynote Speakers**

*Nationally Recognized Educational Leaders*

**Mr. Michael Toth**

Artificial intelligence is developing so fast that 50% of existing jobs will be automated over the next 10 years and our economy has evolved faster than our education system. We need to create ‘future-proof skills’ for today’s students. Join Michael Toth, respected researcher, and author of *Who Moved My Standards*, *School Leadership for Results*, as well as other titles on instruction, as he explores how to transform classrooms from traditional to 21<sup>st</sup> century future-proof classrooms. You’ll leave with an inspired vision for your school and district.

**Dr. David Sousa**

Technology is changing our brains and the effects are even more pronounced in the brains of our students. One thing is perfectly clear: to ensure that today’s students succeed, educators must change the way they teach. Join Dr. David Sousa, a highly-respected consultant in educational neuroscience and author of *Engaging the Rewired Brain* and *Brain Friendly Assessments*, for an intriguing session that explores how to leverage what we know about the functions of the brain to make the greatest impact on your students.

**Don’t Miss Out!!!**

**Conference Begins Wednesday Afternoon, November 15, 2017**
