New this year - lunch will be served during three different timeslots each day corresponding to three concurrent session blocks.

12:00-12:45 Networking Lunch 2

1:00-1:45 Networking Lunch 3

You will choose your lunch timeslot at onsite registration. We will publish the session schedule on the Sched Conference App in early October so that you can decide which will work best for you.

All of the above meal functions are included in your conference registration fee, however, you MUST check each one that you plan to attend on the registration form to receive a ticket in your conference envelope.

This will allow us to give the hotel an accurate count for the food events, avoid waste, and contain costs as much as possible.
